Dated 7th September 1929.

***

OFFICE OF THE SECOND MEMBER OF COUNCIL
8 NOV. 1929
No. 3744

(1) During my recent tour in the Bangalore, Mysore, Hassan and Tumkur Districts, I learnt that in many villages there was much difficulty for drinking water especially in Kankanhalli, Malavally and Krishnarajpet Taluks. In some of the villages people had to go long distances for fetching water.

(2) Some relief in respect of water supply to villages should be given as rapidly as possible. Tube wells will, I am sure, meet this contingency.

(3) The District Boards who were consulted some time ago were not in favour of tube wells. Circumstances have changed and some of these bodies have changed their minds and are utilizing tube-well facilities.

(4) A further requisition enquiring District Boards if they will equip themselves with a well-boring set for each District, capable of boring wells up to a depth of 100 to 150 feet. If they are not willing to meet the cost in question, it may be met out of the grant for Drinking water wells. The Director of Industries may also be asked as to how many of these appliances he can supply and when.

General Secretary,
with compliments.

No 6698

From the replies so far received, the Shimoga DBB, plead inability to own a boring set. The Kolar (Kolar) & Bellary DBBs want to see the demonstration of the machine, while the Hassan DBB want to have a set free of cost. The Tumkur and Chitaldrug DBBs are still considering the question.

P. N. 5

It is only the Bangalore DBB (on 29/30/31.30.) that have resolved to own a set. The Director of Ite states that the cost of the drill manufactured at the Central Industrial workshop cost about Rs 11 only. ~~Manufacturing firms quoted Rs 1,000 for~~ ~~having a boring set made if approved by~~ ~~Government~~

Z

From the sanctioned budget for the current year, it is seen that the normal income falls short of the normal expenditure and the Boards have been asked not to touch their investments till the income is improved.

Submitted for orders

6.4.31

3rd Member 9.4.31

It is desirable to encourage the Boards to own these drills. The Bangalore DB Board may be authorised to purchase one.

Mr. C. RANGANATHA RAO SAHIB, B.A., B.L.,
Director.

OFFICE OF THE DIRECTOR,

Bangalore, dated the 7th January, *1930.*

Dear Sir,

With reference to your letter No. L.3874/V.P. 49-29-7 dated the 30th November 1929, I write to state that the Depart-ment of Industries and Commerce is at present equipped with 9 power drills of which - 5 are Calyx Drills,
1 Cyclone Drill a n d
3 Mustos Drills.

The Mustos drills are inefficient and could not be recommended for use for boring through rock. Seven Calyx drills are in various stages of manufacture in the Central Industrial Workshop. These drills will be completed before the end of this year. When these drills have been made, the Department will have about 13 drills for work in different parts of the State.

Yours sincerely,

C Ranganatha Rao Sahib

DEPUTY COMMISSIONER'S OFFICE 28 FEB. 1930 HASSAN.

Regd. Nr. 14863

With reference to your letter No.L.3866-73/V.P. 49-29-6, dated 30th November 1929, enquiring whether the District Board will equip themselves with a well boring set capable of boring wells up to a depth of 100 to 150 feet, for use in the District and calling for the resolution of the Board, I have the honor to state that the subject was considered by the Board at their meeting held on 8th February 1930 and the Board while approving the following resolution of the standing committee resolved that it is respectfully suggested that Government may be pleased to supply a set free to each District, for the use of the Village Panchayets in the particular District:-

Resolution of the standing committee:-

"Domestic water supply is an obligatory duty of the Village Panchayets and therefore there is no need for the District Board for a well boring plant".

Since the District Board is merely concerned in the completion of the incomplete well works for the present and is not in a position to undertake the sinking of new

wells, I ~~therefore~~ request that you will be so good as to kindly obtain sanction of Government in the matter of supplying a set free, for use in the District.

A copy of the resolution of the Board is enclosed.

I have the honor to be,
Sir,
Your most obedient servant,

President,
District Board, Hassan.

V.P. 49-29-24

Sir,

Re: Well-boring set.

With reference to your letter No.L.6457 VP 49-29-17 dated 5th March 1930 enquiring if the Board will equip itself with a well boring set at a probable cost of Rs.11,000/- which is designed to bore through chettu and rocky soils, I have the honour to state that the proposal was placed before the meeting of the District Board on the 29th April 1930 and it was resolved that it was desirable to await further demonstration of the progress of the boring set already supplied by the Government and which is being tried in the Bowringpet Taluk of this District. A sum of Rs.1000/- has also been advanced by the Board to the Industrial department for this purpose and the success of the boring set in the rocky and chettu soils of that Taluk will be watched and the question of owning a set by the Board will be considered by the Board in due course.

A copy of the resolution of the Board (subject No.13) is herein enclosed for favour of information.

I have the honour to be,
Sir,
Your most obedient servant,

C B Gopala Rao
